WHAT HAPPENED

Mova Law Group dropped 12 positions to #18 in the San Francisco personal injury lawyer category between your previous scan and August 27, 2026. During the same period, three competitors directly above you each gained between 1 and 3 new reviews, while your profile added 14 reviews over 13.9 weeks at a moderate velocity of 1.44 reviews per week. Your 48 total reviews now place you at the 40th percentile by volume in a category where the average competitor holds 129 reviews and the leader holds 866.

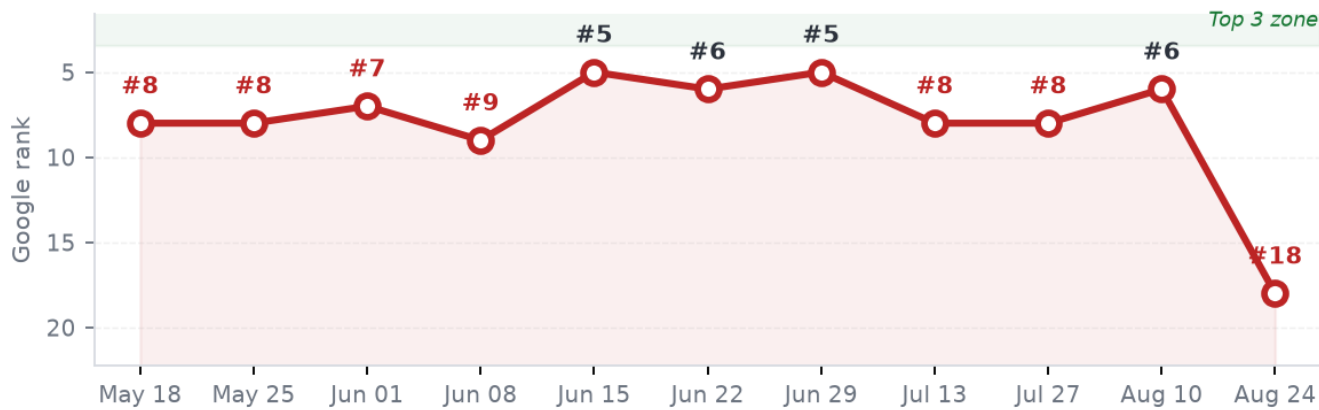

WHY YOU SLIPPED

- [HIGH CONFIDENCE] Omega Law Group Accident & Injury Attorney climbed 3 positions to #6 while gaining 22 reviews in the scan period. Dolan Law Firm, PC gained 3 reviews, Harris Personal Injury Lawyers, Inc. gained 3 reviews, and Morgan & Morgan gained 89 reviews to reach #1 (866 total), all while your rank fell to #18.
- [HIGH CONFIDENCE] Your rank has been declining and volatile over 11 scans across 13.9 weeks. Your trajectory shows positions of #8, #8, #7, #9, #5, #6, #5, #8, #8, #6, then #18. The sharp drop to #18 in the most recent scan represents a departure from your prior worst position of #9, suggesting a significant ranking event occurred.
- [MEDIUM CONFIDENCE] At rank #18, your visibility is severely limited. Our scan modeled that your position captures approximately 0.8% of local search clicks, while the top 3 results capture 70.3% combined. This means you are reaching roughly 87.9 times fewer searchers than a top-3 listing in your category, creating sustained pressure to improve rank to recover visibility.

YOUR STANDING

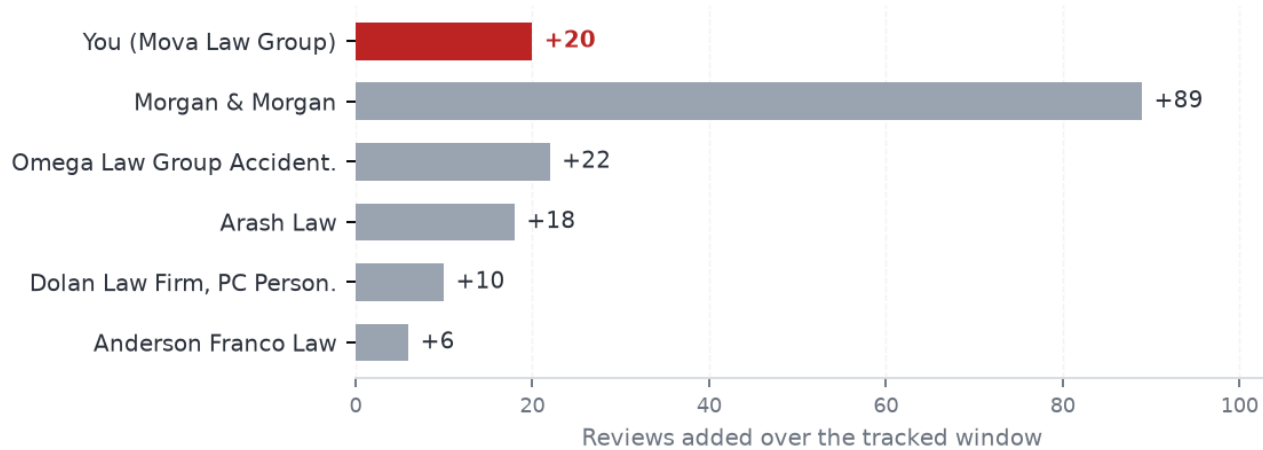

This audit carries a confidence score of 10/10 based on complete data collection. The 12-position drop and the sharp decline in the most recent scan are well-supported signals. However, given your stable rank pattern over weeks 1 through 10 before the recent fall, we recommend monitoring next week's scan to confirm whether this represents a sustained ranking shift or a temporary fluctuation before implementing major strategy changes.

DO THIS NEXT

1. Accelerate review requests from recent clients. Why now: Your 1.44 reviews per week is moderate but below the velocity of competitors climbing past you--Omega Law Group gained 22 reviews in one 13.9-week period, suggesting higher client feedback capture. Effort: Low. Expected impact: Medium.
2. Audit your Google Business Profile for completeness on practice areas, attorney credentials, and case results. Why now: With 48 reviews at 5.0 stars, your rating exceeds the market average of 4.85, but review volume is your constraint; incomplete profile data can suppress rank even when ratings are strong. Effort: Low. Expected impact: Medium.
