WHAT HAPPENED

Our scan on November 12, 2026 recorded Luxury Living Real Estate at position #12, down 10 positions from #2 in the prior period. The rank decline occurred over an 18-week measurement window, with the business holding #2 for the first eight consecutive weeks before dropping to #12 in the ninth scan. Over this entire 18-week span, your profile gained zero new reviews while the category average competitor accumulated 56 reviews.

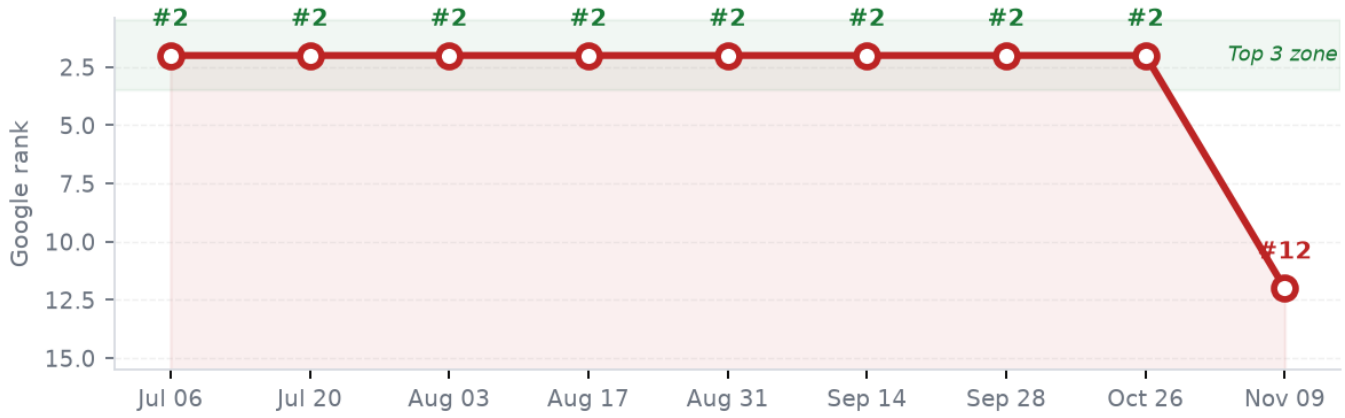

WHY YOU SLIPPED

- [HIGH CONFIDENCE] Review velocity has stalled completely. Your profile recorded 0 reviews over 18 weeks (0.0 per week), while top competitors like Covelle & Company added 4 reviews in the measurement period. Google's local ranking algorithm weights review recency and velocity -- the absence of new reviews likely contributed to rank decline.
- [HIGH CONFIDENCE] Your review volume significantly lags category benchmarks. You hold 4 reviews versus a market average of 56 reviews and a category leader with 271 reviews. You rank in the 20th percentile by review count. Competitors in the top five positions range from 29 to 121 reviews, establishing review volume as a measurable ranking factor in this category.
- [MEDIUM CONFIDENCE] Rank decline correlates with competitor gains. Cheri Meckley moved to #1 with 33 reviews (4.8 stars), and Jax Crerar climbed 9 positions to #7 with recent review activity. While your rating remains strong at 5.0 stars, review count and velocity appear to outweigh rating in local pack placement for luxury real estate.
