DO THIS NEXT

1. Implement a systematic review request process targeting recent transaction closings and satisfied clients. Why now: Your profile shows zero reviews gained over 15 weeks while top competitors average 48+ reviews; Keyes Real Estate's 4-review gain directly coincided with their climb to position #6. Effort: Medium. Expected impact: High.
2. Audit your Google Business Profile completeness and photo gallery to ensure all required fields and high-quality imagery are current. Why now: Visibility modeling shows you capture 0.8% of local search clicks versus 70.3% for top-3 listings; better profile optimization may improve click-through rate. Effort: Low. Expected impact: Medium.
3. Document and encourage client testimonials specific to luxury transactions (price point, negotiation complexity, market knowledge) to differentiate your 5-star rating from competitors' identical 5.0 ratings. Why now: Three competitors hold perfect 5.0 ratings with substantially higher review counts; differentiation through content quality becomes more important at lower volume. Effort: Medium.
