BUSINESS IMPACT

Positions 4+ are below the fold on mobile. Google data shows 90% of clicks go to the top 3 results. At position #18, you are losing an estimated 95% of potential leads from Google Maps searches.

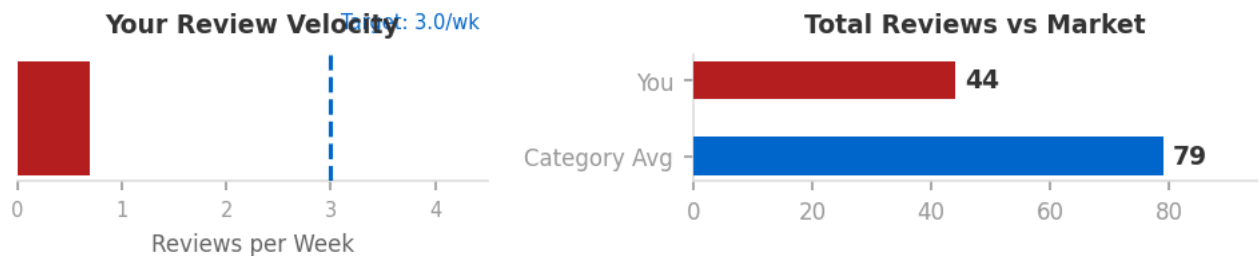

Analysis based on Google Maps Local Pack data. Rankings may vary by device and location.

RANKING TREND

Your ranking is trending upward. Keep doing what you are doing -- consistency is key.

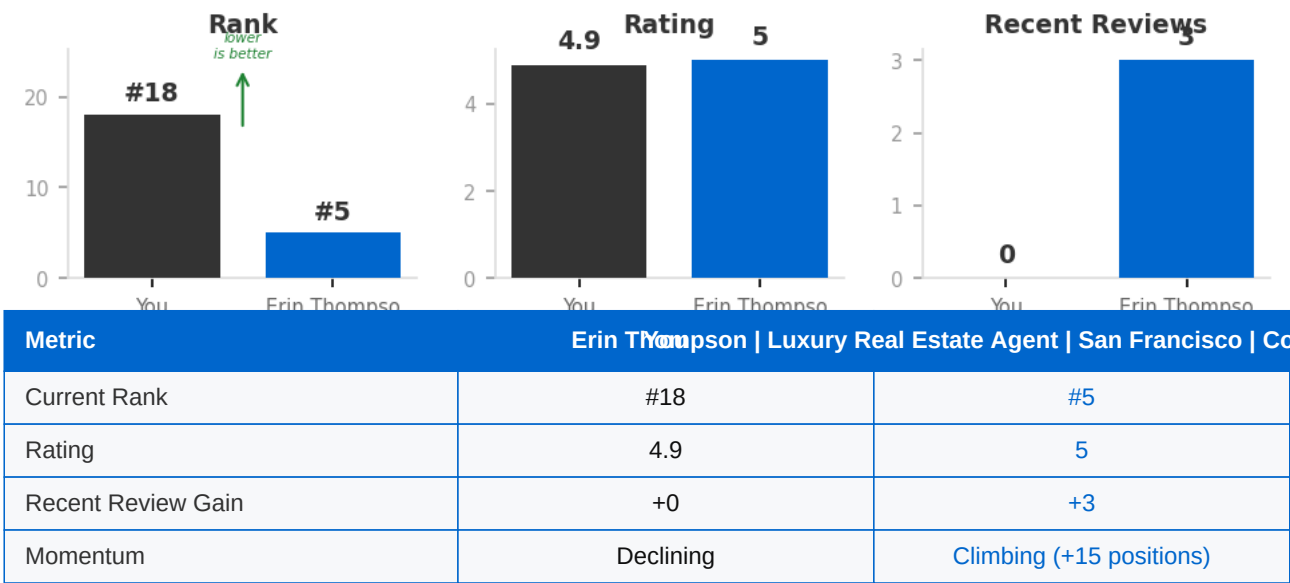

REVIEW PERFORMANCE

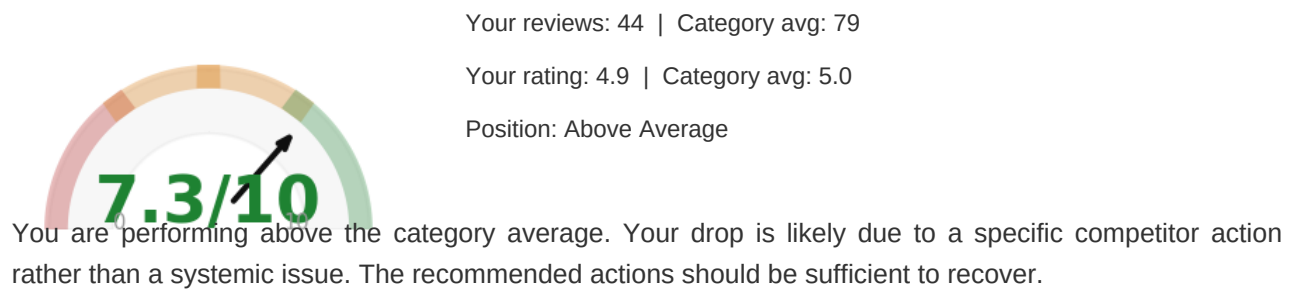

Your review growth has stalled. According to BrightLocal's 2025 Local Consumer Review Survey, 87% of consumers read online reviews before visiting a local business. Businesses averaging 3+ reviews/week consistently outrank those below 1/week.

Sources: Google Maps API data collected weekly. Industry benchmarks from BrightLocal 2025 Local SEO Report.

MARKET POSITION SCORE

Sources: Google Maps API, Moz Local Search Ranking Factors 2025, Whitespark Local Ranking Factors Survey 2025.

This audit identified specific, actionable steps to recover your ranking. Local SEO is a continuous process -- businesses that monitor weekly and respond quickly to changes consistently outperform those that react only after significant drops.
