WHAT HAPPENED

Our scan on September 24, 2026 recorded Shamieh Law at position #16, down 6 positions from #10 the prior week. During this same 13-week period, three direct competitors added meaningful review volume: Thompson Law gained 17 new reviews, Anderson Injury Lawyers Dallas gained 6 new reviews, and Mullen & Mullen Law Firm gained 6 new reviews. Your profile added zero reviews this week, breaking a pattern of consistent weekly review generation.

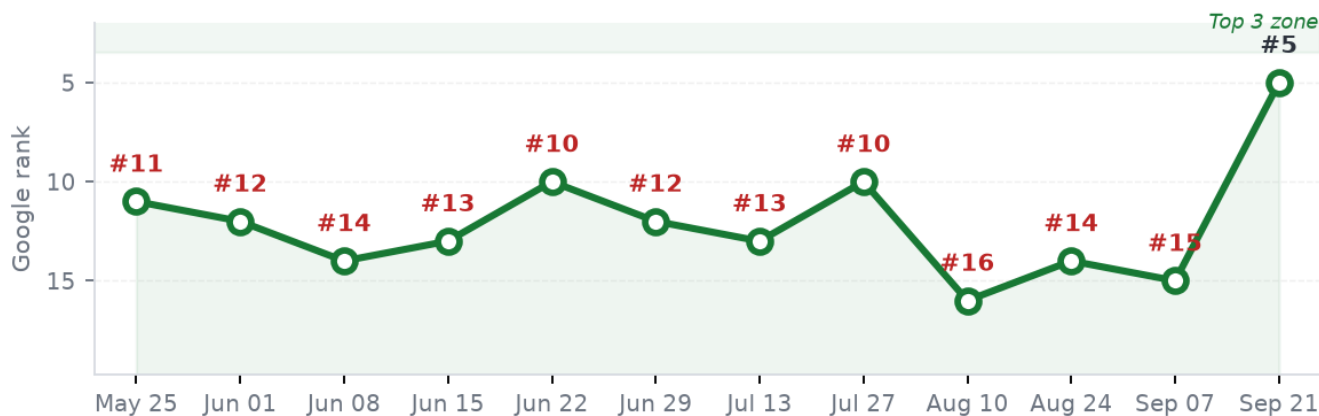

WHY YOU SLIPPED

- [HIGH CONFIDENCE] Competitors above you gained reviews while you posted none this week. Thompson Law added 17 reviews, Anderson Injury Lawyers added 6, and Mullen & Mullen added 6 in the scan period. Google's local algorithm favors actively reviewed businesses, and the data suggests this gap contributed to your rank drop.
- [HIGH CONFIDENCE] Frenkel & Frenkel moved from an untracked position to #13, gaining 22 reviews over the scan period while your velocity slowed. This competitor's review pace likely pushed you down through competitive displacement.
- [MEDIUM CONFIDENCE] Your ranking shows volatile movement over the last 6 weeks, fluctuating between #10 and #16. This instability suggests your position is contested and sensitive to review cadence changes.

YOUR STANDING

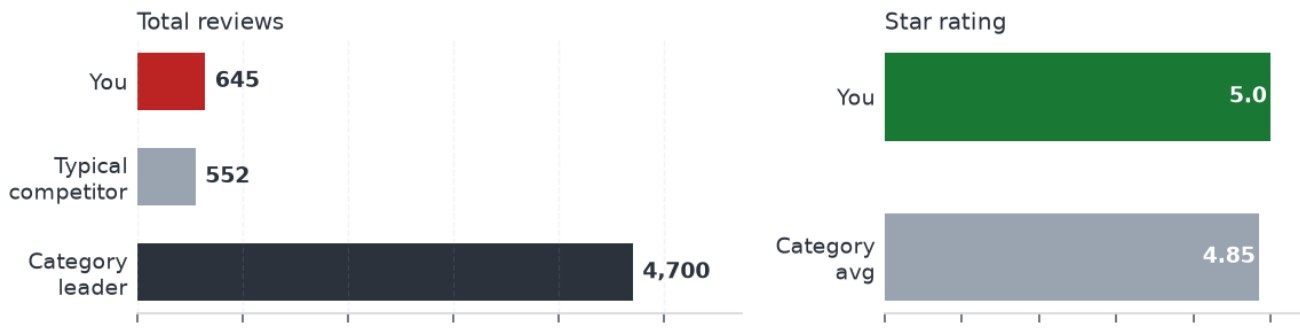

Confidence score is 10/10, meaning this data is complete and reliable. The 6-position drop is real, not noise. However, the volatile week-to-week history (ranging #5 to #16) suggests this rank is not stable; sustained action on review generation is required to hold or improve position.
